

# Help Us Fight the Battle Against Lung Cancer

In the month of December Wharton Wines will donate \$5 for every bottle sold to the LCFA

For Wharton Wines, the month of December is one of remembrance. December marks the one-year passing of Al Wharton. Al was the father of our founder, Geoff. While Al was only 67 when he passed from small cell lung cancer, he led an amazing life and touched the lives of many people.

From his days as a boy in Napa, to his Air Force deployment in Japan and ultimately his career with UPS in Northern California, he had his lifetime love Michele by his side. Geoff is their only child. One of the greatest joys of Geoff's life was that he was able to share their mutual love of wine. Al was there when Geoff brought in his first harvest, and was even there for the 2010 harvest, which was just 2 months before his passing. Michele continues to be involved with the winery and helps to keep Al's memory alive.

In December we want to remember and honor Al and also raise awareness to the devastating disease of lung cancer.

Over the last 2 years, we have been affiliated with a wonderful charity called the Lung Cancer Foundation of America (LCFA). Their goal is to provide the necessary and critical funding for creative and leading edge lung cancer research programs. **As a tribute to Al we will donate \$5 to the LCFA for each bottle sold in December.** To learn more about lung cancer and the LCFA, please check out their website... [www.lcfamerica.org](http://www.lcfamerica.org)

To order wine or learn more about Wharton Wines, please call 707.287.7967 or visit our website... [www.whartonwines.com](http://www.whartonwines.com)

Our sincere thanks,  
Wharton Wines

**More people in the United States die from lung cancer than any other type of cancer. This is true for both men and women. The overall risk of developing lung cancer during your lifetime is 1 in 13 for men, and 1 in 16 for women.**

**Wharton Wines will donate \$5 to the LCFA for each bottle sold in December.**
